# Vacant Property Refurbishment Grant Levels

A grant of up to a maximum of **€30,000** is available for the refurbishment of vacant properties for occupation as a principal private residence, including the conversion of a property which has not been used as residential heretofore, subject to appropriate planning permission being in place. This is subject to upper limits for the types of work specified below having regard to a reasonable cost assessment by the local authority. The Grant is inclusive of the VAT cost of the works.

Where the refurbishment costs are expected to exceed the standard grant of up to **€30,000**, a maximum top-up grant amount of up to **€20,000** is available where the property is confirmed by the applicant to be derelict (i.e. structurally unsound and dangerous) or if the property is already on the Derelict Sites Register, bringing the total grant available for a derelict property up to a maximum of **€50,000**. In the case of a top-up grant in respect of a derelict property not on the Derelict Sites Register, an independent report prepared by an appropriately qualified professional is required to be submitted along with the application confirming that the property is derelict.

Those applying for the Grant will be required to indicate on the application form if they are applying for the Vacant Property Refurbishment Grant alone or the Vacant Property Refurbishment Grant including the Derelict Property top-up Grant.

The level of Grant will be contingent on the works approved by the local authority and will be paid based on vouched expenditure following a final inspection by the local authority.

An SEAI Better Energy Home Scheme Grant<sup>1</sup> may be available in combination with this Grant. Works covered by SEAI Better Energy Homes Scheme will therefore not be covered under the Vacant Property Refurbishment Grant. The local authority must satisfy themselves that proposed works are not claimed for under any other grant.

## Eligible Properties

Properties considered for inclusion must be:-

- vacant for two years or more; and
- built before 1993<sup>2</sup>.

For a property to be deemed derelict (i.e. structurally unsound and dangerous), the applicant must confirm this by submitting an independent report prepared by an appropriately qualified professional along with the application form. The property can also be deemed derelict if it is on the local authority's Derelict Sites Register.

Confirmation of vacancy can be validated and verified by the use of, for example, utility bills, which can help determine vacancy periods (e.g. pattern of usage or disconnection) or such other proofs as are available, to the satisfaction of the local authority. Confirmation of vacancy must be validated and verified by the local authority prior to grant approval.

Proof of both vacancy and ownership are required to support the grant payment. In terms of ownership, it is a matter for the applicant to confirm ownership with the local authority. Evidence that the property was built before 1993 will also be required.

<sup>1</sup> SEAI Grants include Attic Insulation up to €1,700, Cavity Wall Insulation up to €1,700, Internal Insulation up to €4,500, External Wall Insulation up to €8,000, Heat Pump Systems up to €6,500, Solar PV up to €2,400. Further details are available on the SEAI website: [www.seai.ie](http://www.seai.ie)

<sup>2</sup> Aligned with prioritisation under the SEAI Better Energy Homes Scheme

A local authority may give approval in principle to a grant application where the applicant is able to provide evidence of active negotiations to purchase a property i.e. confirmation of engagement from the estate agent or owner of the property and where the owner provides such evidence as to vacancy as is required under the scheme on behalf of the applicant.

Such approval in principle shall not be confirmed as approval in full until ownership has transferred to the applicant. No drawdown may take place until such ownership has been confirmed to the satisfaction of the local authority.

Evidence of ownership for the grant payment, which the relevant local authority may consider, is outlined in the table below.

Ownership Requirements for grant payment	Examples of Proof that may be submitted
The owner must be an individual who owns the dwelling (whether jointly or not) and the local authority must satisfy itself as to the ownership prior to approval of the grant.	<ul style="list-style-type: none"> <li>▶ a title deed<sup>3</sup> or similar legal instrument proving ownership of the property;</li> <li>▶ evidence of current paid buildings insurance policy / schedule;</li> <li>▶ evidence of payment of Local Property Tax (LPT);</li> <li>▶ mortgage statement dated within the last 12 months.</li> </ul>

**The relevant owner is required to reside in the dwelling as his or her principal private residence on completion of the qualifying works to the dwelling.** A declaration the individual intends to reside in the dwelling as his or her principal private residence on completion of the qualifying works to the dwelling must be provided to the local authority and clawback conditions will apply where the applicant ceases to reside in the dwelling as a principal private residence.

**Where appropriate, the applicant must submit evidence of planning permission for the development / works proposed or a declaration of exemption under the Planning Acts.**

The refurbishment of a vacant property for occupation may involve development that requires planning permission. Where appropriate, an applicant under the scheme will be required to submit evidence that planning permission has been attained prior to final grant approval. In cases where a question arises in relation to whether a proposed development needs planning permission or is exempted development an applicant under the scheme will be required to submit a declaration of exemption under Section 5, of the Planning Acts. This question may arise, in particular, in the case of a change of use, properties that have been vacant for a long period of time, and properties that are in a substantial state of disrepair and / or require substantial works.

A local authority may give approval in principle to a grant application where the applicant is required to obtain planning permission for the development / works involved. In these circumstances the applicant shall provide details of their current planning application to accompany their grant application. Any grant approval in principle shall not be confirmed as approval in full until a final decision has issued in respect of the planning application by the planning authority.

<sup>3</sup> A title deed can be obtained from the Property Registration Authority of Ireland ([www.prai.ie](http://www.prai.ie))

# Applicant Eligibility Criteria

The Fund is focused on home ownership. A range of individuals or households in which the property will be their principal private residence are eligible to avail of the scheme, with the prioritisation of applications for consideration using the framework below and in line with overall funding available. The priorities are implemented on a sliding scale.

## Framework of Priorities

1

Applicants who are First Time Buyers (i.e. not have purchased or built a home for themselves) or who qualify under the 'Fresh Start' principle. The Fresh Start principle includes previous homeowners who have experienced divorce or separation, or insolvency or bankruptcy, and who no longer have a legal interest in the previous home.

2

Applicants (other than 1 above) who have particular needs – specifically, disabled people or older people who are moving from their current home which they are selling or have sold and want to refurbish and live in a vacant property.

3

Applicants (other than 1 and 2 above) who are moving from their current home which they are selling or have sold and want to refurbish and live in a vacant property.

The scheme is exclusively available to individuals or households for which the property will be their principal private residence. It is not available to undertakings and / or developers etc. and applicants must also be selling or have sold their previous property.

Applicants may only avail of the grant once and local authorities will ensure adequate tracking and checking of property addresses in this regard.

Purchasers benefitting from this scheme may also be eligible for a Local Authority Home Loan, or, retrofit grants under the Better Energy Homes Scheme. In the case of retrofit grants, the local authority will not make the Vacant Property Refurbishment Grant available for the same work. Local authorities will ensure that the works have not been grant aided via any other scheme and applicants are required to provide any information as may be requested by a local authority regarding any other grant aiding of works applied for.

## Eligible Locations

Following a recent expansion of the Grant, it now applies to qualifying vacant properties in cities, towns, villages and rural parts of the country.

Local authorities will consider and prioritise applications based on the following criteria:

- ▶ the overall levels of vacancy and dereliction within their administrative areas;
- ▶ assess the application in line with considerations outlined on Page 6 above;
- ▶ alignment with policies of the relevant development plan including areas / objectives identified for regeneration;
- ▶ the role that the Grant might play as part of wider town regeneration particularly in the light of emerging Town Centre First Plans and integration with other committed regeneration funding through the Urban Regeneration and Development Fund, the Rural Regeneration and Development Fund and the Towns and Villages Renewal Scheme.

## Clawback

It is required that the applicant(s) will live in the qualifying property for a period of at least five years from the date of payment of the grant. If at any time they sell the property or it ceases to be their principal private residence within **ten years** they must reimburse the local authority an element of the full value of the grant, as follows:

Up to 5 years	Over 5 years and less than or equal to 10 years	Over 10 years
100% of the monetary amount of the grant	75% of the monetary amount of the grant	No Clawback

In the event of a fall in the value of the property, the full monetary amount, subject to the percentage clawback above will be repayable to the local authority.

An agreement must be concluded between the local authority and the applicant which contains the clawback agreement, including a charge on the property, which shall be binding on the applicant upon drawdown.
